PARTY MAPS OUT PROGRAM

Franklin Murphy, of New Jersey,
Suggested for Republican
National Chairman.

FAIRBANKS RUNNING MATE

These With Roosevelt At Head
and C. L. Henry as Vice-
Chairman Expected to
Sweep Everything.

Chicago, March 7.—A dispatch to the
Record-Herald from New York says:
Roosevelt and Fairbanks for the
ticket, ex-Governor Franklin Murphy,
of New Jersey, for national chairman
and Charles L. Henry, of Indiana, for
vice-chairman. This is the latest com-
bination worked out by the men who
do things in the republican councils,
and there is small reason to doubt that
the combination will stand the test of
the national convention balloting. The
plan has been stamped "O.K." by
party leaders in New York, Indiana
and Washington, and is expected to
meet with the enthusiastic approval of
the administration forces throughout
the country. Mr. Murphy is strong
with the financial interests of the east.
He is an intimate personal friend of
Mr. Fairbanks, is declared to be a man
of rare executive ability and has the
further advantage of a high place in
the regard of the president.

Mr. Henry is a business associate
and life long friend of the senator.
He is a millionaire traction magnate
of Indianapolis, the owner of the state
republican organ, the Independent, and
Journal, and is known as a political or-
ganizer of much strength and resource-
fulness. He, too, is on good terms with
the much courted financial interests
and would be strong as the western
head of the organization.

TRAGEDY AVERTED.

"Just in the nick of time our little
boy was saved," writes Mrs. W. Wat-
kins, of Pleasant City, Ohio. "Pneu-
monia had played sad havoc with him
and a terrible cough set in besides.
Doctors treated him, but he grew worse
every day. At length we tried Dr.
King's New Discovery for Consumption,
and our darling was saved. He's now
sound, and well." Everybody ought to
know, it's the only sure cure for
Coughs, Colds and all Lung diseases.
Guaranteed by Chas. Rogers, druggist.
Price 50c and \$1.00. Trial bottles free.

NEW SENATORS IN IT.

Old Traditions of the United States
Senate Smashed By Fulton and
Associates.

A recent communication received by
The Astorian from Washington, D. C.,
speaks interestingly of the prominence
gained during the present session of
the new members of the senate. The
letter says in part:

"Recent events have smashed a sen-
atorial tradition. For years the new
senators, who did more than present pe-
titions, introduce bills, answer to the
roll call, or announce his pair during
his first session was too forward and
pointed out as the man who did not
conform to the senate regulations. But
that tradition is a thing of the past.
Perhaps it may again be revived and
new senators made aware that, like lit-
tle children, they should be seen and
not heard, but for the present the un-
written law of a century has been put
far back on the shelf. The tradition
was really fractured in the last con-
gress. Then Senators Patterson, Bailey,
Carmack, Simmons, Burnham, Burton,
and several others claimed a hearing in
the senate regardless of the old idea.
This year the tradition has been bro-
ken into fragments. Senators Newlands,
Fulton, Clarke, of Arkansas, Stone,
Hopkins, Latimer, McCready and Over-
man have all made speeches and some
of them have engaged in debate with
older senators. These men, having op-
inions, have expressed them; having
arguments to make, have presented
them to the senate. And no one seems
the worse for it. Business in the sen-
ate proceeds as usual, and the new men
get as respectful a hearing and as
close attention as some of the older
senators and a great deal more than
some senators.

DAMAGE IS HALF A MILLION.

New York, March 7.—It is estimated
that the damage caused by the earth-
quake of Friday will amount to \$500,000
in this city alone, says a Herald dis-
patch from Lima, Peru. Reports from
other cities have not been received.

It is officially announced that the
bubonic plague has ended at Santiago.
In view of the fact that no new cases
have been reported within the last 10
days it is believed that the disease has
been exterminated.

FOLLOWS HER TO THE TOMB

James C. Mitchell, Broncho Bus-
ter, Faithful to the Last to
English Sweetheart.

NOTED AUTHOR MITTEND

Justin McCarthy Gets Cold
Shoulder From Miss Flor-
ence Toole After She
Meets Texan.

San Antonio, Tex., March 7.—James
C. Mitchell, the most noted broncho
buster in America, and the man who
is said to have supplanted Justin H.
McCarthy, the English author and
playwright, in the affections of Florence
Toole, daughter of the English actor,
John L. Toole, has been buried here
with civil honors.

Mitchell met Miss Toole and Justin
McCarthy at a Wild West performance
in London 14 years ago. An affection
sprang up between the "broncho bus-
ter" and the English belle, which re-
sulted in her estrangement from Mc-
Carthy and her engagement to Mitch-
ell. They were to be married at the
close of his contract with the Wild
West show, which had two years to run.
They corresponded regularly and just
as Mitchell was to start for London for
his bride, Miss Toole died. Mitchell
had a home prepared for her, and his
sisters are authority for the statement
that from the moment of Miss Toole's
death he never again set foot in the
room that he had furnished for the
bride.

Mitchell is said to have had a special
dispensation from the late Pope Leo
granting him and his prospective de-
scendants from the union contemplated
the right of burial in consecrated
ground.

CHICAGO'S MAYOR DECLARED UNFAIR BY LABOR UNIONS

Unusual Action Taken By Federated
Trades By Which Harrison May Lose
Prestige At the Polls.

Chicago, March 7.—Mayor Harrison
has been put on the "unfair" list of the
Federation of Labor. The fight on the
mayor was brought into the General
Labor organization by John J. De-
laney, a member of the Stationary En-
gineers' union and an inspector under
the city board of examining engineers.
The grievance of Delaney and his as-
sociates against the city executive was
that he had refused to permit the ex-
amining board to be made an organ-
ization agency for the union. The
charge was that unlicensed engineers
were working in the office buildings
and hotels in the places vacated by the
union men who struck January 1 and
that the city authorities refused to
prosecute them.

Proclaiming an individual as unfair
when he is not engaged in any business
is almost unprecedented. It was taken
to mean that union men should refuse
to support the mayor at the polls or
anywhere else.

DR. HALE MAKES INQUIRIES CONCERNING EARLY HERO

Seattle, March 7.—A special from
Washington to the P.-I. says: Sena-
tor Foster has received the following
letter from Dr. Edward Everett Hale,
chaplain of the senate:

"My Dear Sir: When Commodore
Perry opened the ports of Japan the
Japanese government had in prison a
young fellow from Washington terri-
tory, who had been shipwrecked on
their coast. He was in prison only
because he was a foreigner.

"They were cross-examining him,
and asked him what officer of our
government held higher rank than the men
they knew. He said the officers of the
navy had to obey the secretary of the
navy, and that he was under the presi-

dent. They asked him who was
greater than the president. This boy
said: 'The people are greater than
the president,' and in giving account
of this afterwards he said that of this
they could make nothing.

"That remark of his is so fine that it
ought to go into history and literature.
Can you tell me who this young fellow
probably was or who in the territory
will know who he was? Is it worth
while for me to address the Oregon
Historical Society, where I have some
friends?

"With great respect, truly yours,
EDWARD E. HALE."

Mr. Foster said he would try to find
out who the young man was.

SIGNAL BOOK MISSING.

Important Document of British Navy
Strangely Disappears.

New York, March 7.—It is reported
books carried by the British navy has
been discovered to be missing from the
Prince George, one of the ships of the
channel fleet, says a London dispatch
to the World.

One lieutenant, one warrant officer
and two seamen have been placed un-
der arrest.

With exception of the secret war
code, the lost book is the most impor-
tant supplied to the navy.

This is the third disappearance of an
important naval document in the past
few years.

Try to Elude Vigilant Japs.

New York, March 7.—Having prac-
tically abandoned efforts to ship sup-
plies of foodstuffs from the Pacific
coast to the far east on account of the
alertness of the Japanese, it is reported
that Russian agents are now seeking to
purchase stores through London and
New York for shipment to Baltic ports.
Rates to the latter are extremely low
at present, favoring such operation.
Red Alaska salmon, of which there is
considerable stock in London and on
the way there, is said to be chiefly
wanted. The bulk of this is controlled
by the Alaska Packers' Association.

PHENOMENAL SHIPMENT OF TO- BACCO.

For the first time in the history of
the tobacco business a shipment has
been made in one order, to one con-
cern, of a solid train of Manufactured
Smoking Tobacco.

On March 1st, the Norfolk & West-

ern Railroad started from Durham, N.
C., a train consisting of 30 cars, all
loaded with "Duke's Mixture," the en-
tire lot of tobacco being a purchase
made by Messrs. Sprague, Warner &
Co., Wholesale Grocers, of Chicago, Ill.
Durham, where this tobacco is man-
ufactured, is the famous tobacco town
situated in the Golden Tobacco Belt of
North Carolina. "Duke's Mixture" was
named many years ago for Mr. J. B.
Duke, the famous tobacco man, and its
enormous growth has made it his pet,
and the greatest care is exercised in
its manufacture.

This shipment contains 2,380,000
single packages of tobacco, and would
furnish each male adult in the United
States with five smokes each, or one
package to each soldier of the stand-
ing armies of the United States, Eng-
land, France, Germany, Italy, Austria
and Russia.

This train has gone direct from Dur-
ham, N. C., to Chicago, Ill., and has
attracted much attention en route, and
will arrive in Chicago March 8th.

Champion Shots.

New York, March 7.—Riflemen of
this and other states who have been
striving for championship honors in
the 100 shot match and for prizes in
other contests, have just finished after
a week's work carried on simultane-
ously in different states. The win-
ner of the 100 shot match was Louis
C. Burr, of New York. His total score
was 2456 points out of a possible 2500.
The second man was Louis P. Ittel, of
Allegheny City, Pa., with a score of
2455 and E. Van Zant, with 2451, was
third.
